Our tour will begin at the Heavenly Tea Center (Celestial Seasonings Plant) near Boulder, CO. Started in 1970 by Mo Siegel who hiked into the mountains to gather ingredients for his herbal teas; today the company boasts a worldwide distribution and reputation for some of the finest teas in the business. During our privately guided tour, we will sample different versions of tea, visit the mint room and watch the tea bag production. We will end in the tasting room and gift shop where time will be allowed for sampling and purchases.

Upon leaving Celestial Seasonings, we will visit two local wineries where we will have the rare opportunity to meet the owners and the winemakers in an exclusive tour. Of course, no tour would be complete without tasting the wines along with the opportunity to purchase at a discounted price. Along the way our Professional Sommelier will narrate the tour, providing local information, as well as an overview of grape growing, wine making, the history of wine, and food and wine pairing. We will complete our tour with a private gourmet catered lunch at the second winery located in the heart of Denver.

We will return to the Convention Center in plenty of time to refresh before the evening events.
